

Our Coronavirus Response Portfolio

The line of devices and tools for facing the emergency

MTD Group, as a market leader in safe and self-care medical devices, actively works to provide the necessary tools to cope with Covid-19 to healthcare professionals and patients all over the world.

Since the first days of the Covid-19 outbreak, MTD Group has put all its efforts to ensure a continuous supply of the most urgent products (such as disinfectants and sanitizing gels) and to ensure a timely response to the numerous requests received by its global network.

Today we are taking the next step creating our portfolio of effective, simple and specific solutions, a complete line to better face the needs related to Covid-19:

- **Covid-19 IgG/IgM rapid tests together with safety lancets**
- **masks**
- **sanitizing gels**
- **disinfectants**
- **gloves**
- **IR no-contact thermometers.**

Our customers are our highest priority. For them we will continue to monitor the situation and provide them with regular updates on our progress and our efforts to support our response to Covid-19.
